

Not One Step Back
Crys Matthews

C G
Do you sense it all over?
Am F
A new day is dawning
C G
Clear eyes, clearer hearts
Am F
The future is calling

C
No we won't
G
Go back
Am F
When we've come this far by faith
C G
Hand in hand we march on
Am F
For a better tomorrow than yesterday

C G
Forward, forward
Am F
Not one step back, not one step back
C G
Forward, forward
Am F
Not one step back, not one step back

Do you feel it all around you
Like a turning of the tide
Gay and straight, black and white
Old and young alike

No we won't
Go back
We've got so much work to do

Brick by brick we press on
To rebuild this world anew

Forward, forward
Not one step back, not one step back
Forward, forward
Not one step back, not one step back

Do you hear our power
Roaring out like thunder
And justice like righteousness
Like a mighty mighty stream

No we won't
Go back
The world is watching us
Choose hope, choose peace
Choose love, choose love, choose love

Forward, forward
Not one step back, not one step back
Forward, forward
Not one step back, not one step back

Forward, forward
Not one step back, not one step back
Forward, forward
Not one step back, not one step back

Not one step back, not one step back
